

CASA FAMILY ADVISORY COUNCIL APPLICATION

The CASA Family Advisory Council is being established to inform and advise the Senior Leadership Council about their perspectives and needs in order to improve the experience and outcomes of patients and families. CASA is not just committed to making sure that families are heard, but to integrating their input into program design and quality improvement initiatives in order to ensure the highest quality Knowledge mobilization, dissemination, and the communication of information are critical roles of the Council.

It is anticipated with the selection of 12 parents, members of the Council will:

- (1) Gain a better understanding of the mental health care system;
- (2) Have the opportunity to be listened to and have their opinions valued;
- (3) Become advocates for other families who are trying to navigate the system to get the best care for their child;
- (4) Meet other members and build relationships; and
- (5) Provide an opportunity to learn new information and new skills.

If you are interested please feel free to fill out this form and send it to Denise Milne, CEO CASA and CASA Foundation. If you have any questions Denise can be reached at 780-400-4500 or dmilne@casaservices.org
